

NEW YORK STATE ASSOCIATION OF NEUROPSYCHOLOGY (NYSAN)

New Member Application

Regular Membership and *Early Career* Membership are available for professionals who have completed training and experience in neuropsychology that includes, in part:

- a. A doctoral degree in psychology;
- b. A one-year psychology internship or equivalent training experience in a clinically relevant area of psychology;
- c. A two-year postdoctoral fellowship in clinical neuropsychology consistent with Houston Conference Guidelines or, for those trained prior to August 2000, a supervised postdoctoral training experience in clinical neuropsychology on at least a half-time basis.

Instructions: Applicants for membership at the *Regular* and *Early Career* levels require one of the following:

1. A signature from a training director or advisor who can attest to the applicant's completion of the training criteria,
2. Sponsorship by two current NYSAN members in good standing, OR
3. Board certification in neuropsychology.

Please provide the name and signature of one supervisor/advisor who can attest to your training and experience in neuropsychology, names of two NYSAN sponsors, OR details of board certification below. ***Sponsoring members must contact Jami Halpern, PsyD, to verify sponsorship of applicant.**
