

NEW YORK STATE ASSOCIATION OF NEUROPSYCHOLOGY (NYSAN)

New Member Application

Regular Membership and *Early Career Membership* are available for professionals who have completed training and experience in neuropsychology that includes, in part:

- a. A doctoral degree in professional psychology;
- b. A one-year APA/CPA accredited internship, or equivalent year of supervised experience;
- c. Postdoctoral fellowship:
 - For those trained after 2005, completion of a formal, 2-year postdoctoral training program that conforms to Houston Conference guidelines is required; OR
 - For those trained prior to 2005, two or more years of appropriate supervised* training in application of clinical neuropsychological services with participation in specialty-specific didactics. A minimum of one year training must be postdoctoral.

*On-site supervision with a neuropsychologist is required. *Self-guided supervision does not meet criteria.*

Note: Attainment of board certification in clinical neuropsychology by the American Board of Professional Psychology (ABPP) and American Academy of Clinical Neuropsychology (AACN) is acceptable proof for having successfully documented items 1 through 3 of this list.

Instructions: Applicants for membership at the *Regular* and *Early Career* levels require one of the following:

1. A signature from a training director or advisor who can attest to the applicant's completion of the training criteria; OR
2. Board certification in neuropsychology.

Please provide the name and signature of one supervisor/advisor who can attest to your training and experience in neuropsychology, OR details of board certification below.

SUPERVISOR/ADVISOR:

BOARD CERTIFICATION:

Name: _____ Specify: _____
