NEW YORK STATE ASSOCIATION OF NEUROPSYCHOLOGY (NYSAN)

Verification of Training

"Student Affiliate Membership" is available to individuals at all levels of graduate training in neuropsychology (i.e., doctoral students, predoctoral interns, postdoctoral fellows) and requires:

1. Current enrollment in a psychology doctoral program that is either APA accredited or determined by NYSAN to meet equivalent standards for curriculum and for physical attendance;
2. Being in good standing within the academic program of enrollment and current clinical training site (if applicable); and
3. Maintaining active professional interests in clinical neuropsychology through formal coursework, clinical experience, and/or professional activities.

Please note: "Student Affiliate Membership" in NYSAN permits access to all of the benefits of "Regular Membership," with the exception of voting privileges. "Student Affiliate Membership" does not guarantee admittance to "Regular" or to "Early Career" Membership in NYSAN once Student status expires; "Regular" and "Early Career" membership categories require reapplication.
